### **Missions**

ODDO BHF is seeking to recruit a junior Sustainability analyst to support the growing interest of our clients (asset managers) for ESG topics. The role will span a broad range of responsibilities from company, sector and thematic research.

Joining a team of 2 full-time analysts based in Paris, your main responsibilities will be:

- Help integrate ESG (Environment, Social & Governance) criteria into financial analysis
- Contribute to our team's proprietary knowledge of ESG factors and materiality. Maintain frequent and visible research publications on various formats: ESG comments on stocks, on sector covered / thematic papers / green & sustainable impact metrics, etc.
- Take responsibility of some specific thematic (to be defined with the team).
- Identifying new areas of sustainability related impact on investment.
- Develop expertise within industry sectors and relevant peer groups of companies.
- Organize dedicated ESG-related client events, expert meetings, corporate or analyst roadshows.
- Assist in creating a productive, collaborative and innovative team culture, including facilitating the team's professional development.

This experience is a unique opportunity to take part in the current integration of sustainability issues into the financial world. It will require a strong commitment on your part and will allow you to gain autonomy and expertise very quickly. This position is intended to be a real springboard for your career within the Research department and the Group and should enable you to develop rapidly.

### **Profile**

- Young graduate holding a Master's degree in finance
- You have a first successful experience in financial analysis
- You show a strong interest for ESG topics with ideally a first experience in SRI/ESG/Sustainability
- You are curious, rigorous, perseverant, autonomous with excellent interpersonal skills
- You are endowed with very good analytical, communicational and writing skills
- Fluency in English (written and spoken) and French is mandatory, German is a plus.
- Good working knowledge of Excel. Bloomberg and Factset practice would be a plus
