

Job Summary			
Job Title	Corporate Governance and Stewardship Analyst		
Business Unit	Core	Department/ Team	RI Coordination and Governance
Location	London	Reports to	Head of Sustainability Coordination and Governance
Identified Employee (YES / NO)			
Job Purpose (1-2 sentences describing why the job exists)	<p>Our aim is to play a key role in financing the transition to a greener and more sustainable world. Part of that involves encouraging companies in their transition journey through focused shareholder engagement. This is a central pillar of responsible investment at AXA IM, and we therefore continuously review ways to make this dialogue as efficient and impactful as possible.</p> <p>There are three essential ways to do this: clear objectives communicated to management; regular meetings to verify and evaluate progress and voting with conviction or pursuing other escalation techniques when required.</p> <p>Our active dialogue with companies allows us to effectively monitor our investments, and ensure we maintain open channels which can enable change to the benefit of society, the planet – and ultimately our clients.</p> <p>The Corporate Governance and Stewardship analyst will play a key role in defining and implementing AXA IM’s stewardship strategy.</p> <p>To apply, visit www.careers.axa.com or contact heloise.courault@axa-im.com</p>		
Key Accountabilities (4-8 key responsibilities describing “what”, “how” and “why”)			
<ul style="list-style-type: none"> • Play a key role in the coordination of the stewardship governance of AXA IM, including in particular the monitoring of shareholder engagement activities and escalation process • Contribute to the implementation of our corporate governance and voting policy – the analyst will support the teams on specific Annual General Meetings, helping notably to analyse ESG resolutions. • Participate to selected engagement with companies, including meetings with senior company representatives • Help develop content to present the voting policy and updates as well as engagement research results to various stakeholders (presentation, reporting, etc.)
