SRI Indices : What for ?

Jean-Pierre Kellens

Senior Adviser

Sustainable Development and Environment

6th Annual Forum for European
Responsible Investment

Paris, June 11th 2008

TOTAL

SRI Indices – The recent past

Corporate Viewpoint : example of Total

SRI Indices

- Systematic questioning
- Rating based on methodologies
- Visibility

Total : context 5 years ago

- Start of organised approach to address ESG factors
- Ambivalent reputation

Total : evolution of ESG over last 5 years

- Deployment of advanced policies, systems and tools :
 - => Better risk management
 - => Improved acceptability
- Inclusion in SRI indices :
 - => FTSE4Good, DJSI (World and Europe), ASPI
 - => CDP's Climate Disclosure Leaders

SRI Indices – The challenges of the future

Unprecedented changes in the world

- Resource constraints
- Effects of environmental damage
- Shifts of geo-political and financial power
- Evolving demographics

Companies will need to adapt

- Strategy / products & services portfolios
- Business models

SRI & SRI Indices

- So far : review of many generic issues within unchanged business models
- Future: need for more emphasis on strategic issues (?)
